Drive towards west by comfortable 4WD vehicle to observe the **Authentic Mongol Nomad Show** (will take place from **10:00AM-12:00M**, about 35-40km/25miles, 1.30 hrs). It demonstrates traditional living way real Mongolian nomads and breeding and using of five kinds of livestock and movement from one place to another using ox, yak, camel and horse carts which are the carts. Next, drive to **Hustain Nuruu National Park** (about 80km/50miles, 1.30 hrs) of the

Wild Horses Przewalski or Takhi (as known by the Mongolians). The Takhi is the last species of wild horse left on the planet. In 1878, the Polish-born Russian geographer and naturalist **Nikolai Mikhailovich Przewalski** found a new species of wild horse in Mongolia, known locally as Takhi, and took several foals to European zoos. The only way to prevent the complete extinction of the last species of wild horse was to reintroduce it into the wild. In 1975, the **Dutchman Ian Bouman and his wife**, and other entities that joined later, created the **Foundation for the Conservation and Protection of the Przewalski Horse (FPPPH)**, with the aim of saving the Takhi from extinction through acclimatization of the zoo specimens in open field pastures, for later release into the wild. In 1992, the FPPPH brought the first 15 horses to the Hustain Nuruu area in Mongolia, to reintroduce them to their original habitat. Currently, the population of takhi in the wild in Hustai Nuruu National Park reaches 220 individuals. The practice of taming wild animals and then returning them to the wild is truly rare. Visit to a small museum, about the history of the Hustain Nuruu National Park, about the founders, and the reintroduction of the Przewalski or Takhi wild horses in their original habitat. **Excursion through the interior of the Hustain Nuruu National Park, exploration and observation of wild horses (*bring binoculars)**. Overnight in Tourist Gers Camp. **(B)(L)(D)**

Day 4-Breakfast. Today, we will head to **Karakorum** (about 330km/205miles, 3 - 4 hrs) in Central Mongolia-**the Genghis (Chinggis) Khan's 13th century capital and heart of the mighty Mongolian Empire and Okhon river Valley, cradle of Mongolian civilization.** Visitors, such as Marco Polo, described its ornate building, including a 2500 sq. meters Palace of Worldly Peace. Free time at your leisure, for walks through the Orkhon River Valley or rest. Overnight in Tourist Gers Camp. **(B)(L)(D)**

Day 5-Breakfast. Meet Samar Magic Tours team. Today, we will visit the **Monument to the Mongol States** located on a hill overlooking the city of **Karakorum (Kharkhorin)**, on the bank of the **Orkhon River**. It was built in 2004. The monument consists of a large pile of stones (**a shamanic ovo**) carefully assembled into a cone shape, approximately the same size as a tipi, with nine posts protruding from the top. This structure is mounted on a stone and concrete platform and is surrounded by three walls that represent three sections of a circle. The outer sides of these walls feature three colorful mosaics representing three maps, one for each of the empires.

1. First, there was the **Xiongnu Empire**, a confederation of nomadic tribes that lived on the steppes from about the 3rd century BC. until the 1st century AD.
2. The **Turkish Khaganate Empire** followed, established by the Göktürks in 682 and lasting only until 744.
3. Finally, and famously, **Genghis Khan** founded the **Mongol Empire** of the 13th and 14th

centuries. **The iconic place of the Mongol Empire in culture**, combined with the shamanic symbolism of the **ovo** at the center of the monument, prompts people to leave offerings of vodka, milk, tea, rice and other edible delicacies that inevitably attract birds and some than another herd of goats and sheep passing by. You can also find several animal skulls around the monument,

completing the surreal scene. It is no coincidence that **the Monument of The Imperial Map** is located in **Kharkhorin**, as this city (then called **Karakorum**) was **the capital of the Mongol Empire** under **‘Genghis’ Khan's successor, Ogedei Khan**. The Imperial Map Monument is a great vantage point from which to look out over the city of **Kharkhorin** and the **Orkhon River**, and imagine what this collection of dirt roads and low-rise buildings may have looked like **in its glory days**. Also, today, we will visit to the legendary **Erdene zuu (Hundred Treasures) Monastery, the Turtle monument, and the Karakorum museum, to see the relics of the ancient capital of the Mongol Empire**. The **Erdene Zuu Buddhist Monastery** with its 108 stupas and the first Buddhist Lamasery (16th century) was the most important religious seat. Currently it constitutes an impressive sight, with its walls, stupas and temples, occupying an enclosure of 400 square meters, and surrounded by the steppe. The construction was continued by his son **'Ogedei' Khan**, after his death. After 40 years, **'Kublai Khan'** (grandson of **‘Genghis Khan’** and host of **Marco Polo**) moved the capital of the Empire to Beijing (Peking-**Yuan dynasty**), already invaded. In the year 1792, there were 62 temples left and more than 10,000 Lamas. In the year 1930, the Stalinist purges destroyed most of their temples and the Lamas were banished to die in Siberia. Of its more than one hundred temples, only three have survived to our era, **it remains the most outstanding cultural vestige of Mongolia**.

Afternoon, departure by asphalt road (*with the help of the Turkish Government) in the direction of the **Gokhturk museum in Khoshoo Tsaidam (Turkish Memorials)** in honor of the Turkish

princes in the Orkhon Valley (approximately 47.2km/30miles, 1hr), from the early 8th century Bilge Khan and Kul Tigin with their Orkhon inscriptions, written in the Old Turkic alphabet, which are admitted as the most impressive monuments of the nomadic Gokturk Khaganate. They were excavated and deciphered by Russian archaeologists in the years 1889-93. Next, departure by embankment towards **Lake Ugii** (approximately 32.3km, 1hr), an appropriate place for birds such as: swans, geese, cranes, ducks, pigeons, storks and other migratory species are cited in this area at the end of April, May and throughout the summer). **Lake Ugii** is located in the province of Uvurkhangai, where many migratory birds arrive at certain times of the year due to the abundance of fish. It is of great importance as a breeding and stopping place for waterfowl, for example, the white-necked crane (*Grus vipio*), the swan goose (*Anser cygnoides*), the great bustard (*Otis tarda*), the duck (*Oxyura leucocephala*), cranes common (*Grus Grus*), demoiselle cranes (*Anthropoides virgo*), black storks (*Ciconia nigra*), and species declared vulnerable or endangered in the Red Book. We will be able to admire and photograph a great variety of species such as the White-necked Crane and the Monk Crane surrounded by a beautiful valley where herds of sheep, horses, bulls, and yaks graze. Over 200 species of birds have been recorded at Lake Ugii, and where there are so many fish there are sure to be plenty of waterfowl; black-tailed godwit; Swan goose; Great Crested Grebe; whooper swan; Bar-headed goose; Rudy Shelduck; common goldeneye; Common Crane; and Northern Lapwing. Migratory birds arrive from May to June, from as far away as Siberia and the Himalayas. **Ornithological observation. Here there is an opportunity for optional horseback riding, fishing, boat rides, kayaks, etc. (*pay extra on site). Bring binoculars.** Overnight in Tourist Gers Camp, close to Lake Ugii. **(B)(L)(D)**

Day 6-Breakfast. Then heading to **Elsen Tasarkhai Dunes (known as the Bayangobi Desert,** 4-5 hours drive), desert sand dunes spread over 80kms in a beautiful valley. Opportunity for hiking, walking through the dunes, and photographing the landscapes. We will visit an authentic nomadic family with Bactrian camel farms. One hour of excursion included to cross the dunes on

the back of a Bactrian camel. Then, departure to the **Khugnu Khan Peak Nature Reserve** (approx. 15.2km/10 miles, 30 min)-it is a Peak of 1967 meters, with hiking possibilities, and walks to a small function **temple 'Uvgun'**, destroyed in the year 1660. The temple was reopened in 1992 and is currently served by two monks from Ulaanbaatar.
